

# Indian Rock Smoke Signals

*May 2014*

## Welcome Spring!!

We are so happy to see everything blooming on land, and folks back on the water. Our Annual Picnic and Association Meeting was a beautiful day with food, fellowship and fun. Those of you who could not be with us, you were missed.

Our long time Treasurer for the association, Betty Lecorchick, has "retired" from association service. We warmly thank her for her dedication to our association.

Kit Sawyer and Sue Yenrick resigned their positions on the Board of Directors. Ed Rock and Kevin Kendall were appointed to fulfill their terms.

We elected Bill Coldiron, Grace Edwards and Joan Layton to the Board of Directors. Below you will find the officers for 2014-15 and their contact information. We look forward to another terrific year in Indian Rock.

New swings will be installed at the playground. We are investigating the cost for renovation/refreshing the basketball goal and area. Please remember use of these facilities is at your own risk. Parental supervision is the best safety for our children.

Ceiling fans have been installed in both of the picnic shelters. Please use the wall switch, located near the roof area on one of the support poles to cut the fans on and off, not the pull chains on the fans. As good stewards of our finances, please cut the switch off when not in use!

### **Reminders:**

With the exception of Seneca and Roanoke Trail, the roads in our development are state maintained and therefore under state/county regulations for vehicle operation. Several incidents of unsafe golf cart and ATV use have been observed in our development. For the safety of all, please ensure your guests, renters and family operate such in a responsible manner.

Another concern is noise in our development, especially during night time hours. Please be considerate of all in monitoring noise levels. Again, please ensure your guests, renters and family are aware of these concerns.

The community built boat ramp is available for the personal and convenient use of the Association membership.

Launch your boat as quickly as possible, move the boat to the dock area that keeps launching area clear for next user. Pull auto/trailer rig beyond security gates. Stop and SECURE gate lock. If parking space is unavailable the rig must be moved to your personal property.

### **Lake Happenings:**

Lake Gaston Flea Market has been purchased by Lyn and Johnny Norton. The new sign

“Norton’s at Lake Gaston” indicates a new restaurant opening soon! The seafood vendor has been relocated to the back of the market and produce vendors will be available. Many long time vendors are still in operation with new vendors joining them. The Norton’s long range plan is to put in putt putt and an ice skating rink, providing a great family venue.

The US Post Office is studying different locations. If you receive one of the surveys about the site in Henrico, please fill it out and return it. Keeping the post office open in our area is important. Surveys are available at the local post office.

Roanoke Wildwood Fire Department hosts Bingo every Thursday night.

Yoga and Zumba classes are held at the Lions Den.

### **Upcoming Lake Events:**
